## **RE Goan Classic 350 changes the narrative**

**ROYAL ENFIELD** has launched a different iteration of the Classic 350, called the Goan Classic 350. It is priced from Rs 2.35 lakh (ex-showroom) to Rs 2.38 lakh (ex-showroom). It is available in four colour options - Shack Black, Purple Haze, Rave Red and Trip Teal. The first two colours are priced lower while the latter are priced as the top-end variants

of the Goan Classic 350. In terms of changes, RE's latest comes with a raised handlebar, shorter fender at the front, slightly forward-set footpegs, swingarm-mounted rear fender and different colour options when compared to the Classic 350. Royal Enfield officials state that the front end of the motorcycle remains pretty much the same as the Classic 350, me-

chanically speaking. The rear end is where changes have been made, which includes a slightly more scooped-out single-seat. As standard, the Goan Classic 350 comes with a pillion seat. Furthermore, this new version of the Classic 350 also comes with cross-spoke alloy wheels and gets whitewalls to give it a more bobber-inspired design language. 🇮🇳
